Bowling Fundraisers

Bowling can go a long way in helping to improve our Community. Fundraisers give the average bowler a chance to make an extraordinary impact on the lives of others. Find out how a long-time classic activity like bowling can give your Group or Organization the opportunity to have fun and raise funds together in a recreational environment.

Fundraiser's

Our Programs

Bowling League Fundraiser

Get the members of your group or organization to join a Short Season Program and raise money throughout the season. Example: 32 people join a Program for 12 weeks that pay \$12 each week for bowling. Less the cost of bowling each week. ($\$4 \times 12 \text{ weeks} \times 32 \text{ bowlers} = \1536) The Center would keep weekly bowling stats and provide in-house banking until the program is finished.

This is a great way to make fundraising FUN and give your members the opportunity to spend quality time together!

Total raised for your group=\$1536

Corporate Lane Sales

Another great way to raise money is to simply sell a "lane" for a tax deductible contribution of \$100, \$250, \$500 or \$1000 to another group. That group gets to send six guests to a very special "party"

Example: 2 hours of bowling, shoe rental, public mentions, food, beverages and prizes.

Your group sells all 20 lanes @ \$250 each ($\$250 \times 20 \text{ lanes} = \5000) Less the cost of bowling (\$960).

Total raised for your group=\$4040

Bowl-A-Thon

This fundraiser is perfect for Sports Teams, Boys and Girls Scouts, Churches, etc...

Each person in your group planning to attend the bowling fundraising event would solicit pledges based on the number of pins knocked down by that person during the event. The example below is based on a pledge donating 3 cents for every pin knocked down.

Example: Average score per bowler- 135

$135 \text{ pins} \times 3 \text{ cents} = \4.05

$\$4.05 \times 3 \text{ games of bowling} = \12.15

$\$12.15 \times 15 \text{ pledges per bowler} = \182.25

$50 \text{ bowlers that collect } \$182.25 = \$9112.50$

(Less the cost of bowling = \$400)

Total raised for your Group = \$8,712.50

The Fundraiser Party

This is a great way to raise between \$300 and \$1500 for your group.

Example: Each potential bowler sells a ticket for \$15 to attend a bowling fundraiser party which will include 3 games of bowling, shoe rental and prizes.

For each ticket your group sells, your group keeps the ticket price minus the bowling fee (\$8)*.

Say your group sells 200 tickets @ \$15 each for a total of \$3000. If 150 people attend the bowling fundraiser party, your group keeps \$1050. For the 50 people who did not attend, your group keeps \$750.

Total raised for your Group = \$1800

Of course, you can combine lane sponsorships to any program to increase the total amount raised for your organization.

* If people who bought a ticket do not attend, you keep the \$15.
